## Product Description

### Product Description:

The Sliding Aluminum Door is available in a range of customisable colors and glass options, allowing you to create a unique and bespoke look that complements your interior design. Whether you're looking for something sleek and modern or classic and traditional, this door is the perfect choice for any space.

The aluminum alloy and glass construction of the door ensures that it is strong, sturdy, and able to withstand daily wear and tear. The glass panels are available in a range of thicknesses to provide added security and insulation, while the aluminum frame is designed to resist corrosion, rust, and other environmental factors that can cause damage over time.

The sliding mechanism of the door is smooth and effortless, making it easy to open and close the door as needed. The design of the door is also space-saving, making it an ideal choice for smaller spaces where swing doors may not be practical.

Overall, the Gliding Aluminium Door is an excellent choice for anyone who wants a stylish and functional door that is built to last. With its high-quality construction, customisable options, and practical design, this door is the perfect addition to any modern home or office.

### Applications:

Introducing the Gliding Aluminum Door by GuangdongSuperHuge, a leading manufacturer of aluminum doors in China. The sliding aluminium door is a versatile product that can be used in a variety of settings such as homes, offices, commercial buildings, and public spaces.

The door is made of high-quality aluminum material that is durable and long-lasting. It is certified with both CE and ISO, ensuring that it meets international standards for safety and quality. The door is customizable in terms of size, color, and glass options to fit your specific needs and preferences.

The sliding aluminum door is perfect for creating a modern and sleek look in your home or office. It allows for natural light to enter the room while providing easy access to the outside. It is ideal for use in living rooms, bedrooms, and patios.

In commercial buildings, the sliding aluminium door can be used to create a grand entrance to a shop or restaurant. It can also be used in office buildings to create a modern and professional look for meeting rooms and executive offices.

Public spaces such as hospitals, schools, and libraries can benefit from the sliding aluminum door as well. It provides easy access for people with disabilities and allows for natural light to enter the building, creating a welcoming environment.

GuangdongSuperHuge's sliding aluminum door comes in a wooden box for safe transportation and delivery. The minimum order quantity is 100m<sup>2</sup> and the price is 580RMB per square meter. The delivery time is 20-60 work days and payment terms are T/T.

Experience the convenience and versatility of the sliding aluminum door by GuangdongSuperHuge. Contact us today to place an order or for more information on customization options.
