Product Description

Product Description:

The Sliding Aluminum Door comes in customizable sizes to fit any doorway, making it a versatile choice for any space. Additionally, the glass used in the door is also customizable, allowing for a personalized touch to match any decor or design scheme.

One of the key features of this Sliding Aluminum Door is its smooth gliding mechanism. The door effortlessly slides open and closed with minimal effort, making it a practical choice for high-traffic areas or busy workspaces. The sliding mechanism also allows for more floor space, as the door doesn't swing open.

Another great attribute of the Sliding Aluminum Door is its color customization. The aluminum material can be painted in any color to match the existing color scheme of the room or to create a bold statement. This gives you the freedom to create a unique and personalized look for your space.

The durability of the aluminum material is also a major advantage of this Sliding Aluminum Door. It is resistant to rust and corrosion, making it a long-lasting investment for your home or office. The strength of the material also ensures that the door can withstand heavy usage without showing signs of wear and tear.

Overall, the Sliding Aluminum Door is a modern and practical choice for anyone looking to upgrade their home or office space. Its customizable size, glass, and color options make it a versatile choice that can be personalized to match any design scheme. The smooth gliding mechanism and durable aluminum material ensure that the door will last for years to come.

Features:

Product Name: Gliding Aluminum Door

Door Material: Aluminum Alloy, Glass

Material: Aluminium

Glass: Customisation

Color: Customisation

Type: Sliding

Technical Parameters:

Product Name	Gliding Aluminum Door
Glass	Customisation
Door Material	Aluminum Alloy, Glass
Material	Aluminium
Size	Customizable
Color	Customisation
Type	Sliding Aluminium Door

Applications:

The Gliding Aluminum Door is perfect for use in homes as it provides an elegant and modern look that complements any interior design. It can be used as a patio door, balcony door, or even as a room divider to create a sense of openness and flow between rooms. The sliding mechanism of the door allows for easy access and makes it ideal for spaces with limited floor space.

In offices, the Gliding Aluminum Door can be used as a partition wall to create separate workspaces or as a conference room door to provide privacy during meetings. The Sliding Aluminium Door also offers soundproofing and insulation properties, making it an excellent choice for areas where noise reduction is needed.

Hotels can benefit from the versatility of the Gliding Aluminum Door as it can be used in guest rooms, lobbies, and conference rooms. It provides a modern and sophisticated look that gives guests a sense of luxury and comfort.

In hospitals, the Gliding Aluminum Door can be used in patient rooms, operating theatres, and other medical facilities. The door's smooth gliding mechanism ensures easy and safe access to patients and equipment, while the soundproofing properties help to maintain a quiet and peaceful environment for patients to recover.

The Gliding Aluminum Door is customizable in size and color, making it suitable for any application scenario. The door is made of high-quality Aluminum Alloy and Glass that ensures durability, safety, and longevity. The product is certified with CE and ISO, and the minimum order quantity is 100m². The price of the product is 580RMB, and the Packaging Details are Wooden Box. The Delivery Time is 20-60 work days, and the Payment Terms are T/T.
