Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 588RMB/m²
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Durability: Long-lasting
- Type: Curtain Wall
- Shape: Rectangle
- Product: Aluminum Curtain Wall
- Packing: Free Wrapped In Shrink Polythene
- Design Style: Modern
- Width: ≤1500mm
- Color: Color Customization
- Material: Aluminum Alloy
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Column: 2.5mm-5.0mm
- Beam: 20mm-30mm

Product Description

Product Description:

The Aluminum Curtain Wall comes in two types: the Hidden Frame Curtain Wall and the Open Frame Curtain Wall. Both types are designed to provide a seamless and modern look while ensuring maximum functionality and safety.

The Hidden Frame Curtain Wall features an aluminum sheet that is fixed to the frame from the inside, providing a sleek and elegant appearance. This type of curtain wall is perfect for buildings that require a clean and modern look. It also provides excellent weather resistance, making it ideal for areas that experience harsh weather conditions.

The Open Frame Curtain Wall, on the other hand, features an exposed frame that is visible from the exterior of the building. This type of curtain wall is perfect for buildings that require a more traditional look. It also provides good sound insulation, making it ideal for buildings located in noisy areas.

Our Aluminum Curtain Wall is made from high-quality Aluminum Alloy, which provides excellent strength and durability. This material is also lightweight, making it easy to handle and install. Our Aluminum Alloy is carefully selected to ensure that it meets the highest standards of quality, ensuring that our curtain wall will last for years to come.

The Aluminum Curtain Wall also provides good sound insulation, making it an ideal choice for buildings that require a quiet and peaceful environment. The curtain wall is designed to reduce noise pollution and provide a comfortable living or working space for the occupants of the building.

Our Aluminum Alloy is sourced from reputable suppliers, ensuring that our raw material is of the highest quality. We maintain strict quality control measures throughout the manufacturing process to ensure that our curtain wall meets the highest standards of quality and durability.

In summary, our Aluminum Curtain Wall is a high-quality product that provides excellent weather resistance, sound insulation, and durability. It is available in two types, the Hidden Frame Curtain Wall and the Open Frame Curtain Wall, to cater to the different needs of our clients. Our curtain wall is made from premium Aluminum Alloy, ensuring that it is strong, durable, and lightweight. It provides good sound insulation, making it an ideal choice for buildings located in noisy areas. We maintain strict quality control measures throughout the manufacturing process to ensure that our curtain wall meets the highest standards of quality and durability.

Features:

Product Name: Aluminum Curtain Wall

Design Style: Modern

Durability: Long-lasting

Packing	Free Wrapped In Shrink Polythene

Applications:

GuangdongSuperHuge's MQ Aluminum Curtain Wall is a versatile and durable solution for a variety of architectural projects. With its sleek and modern design, it is ideal for both commercial and residential buildings.

The MQ Aluminum Curtain Wall is made from high-quality aluminum alloy, which is known for its strength and durability. This curtain wall is designed to withstand even the harshest weather conditions, making it a reliable choice for any building.

One of the main applications for the MQ Aluminum Curtain Wall is in commercial buildings. It is often used in office buildings, hotels, and shopping centers, where it can provide a modern and sophisticated look. The curtain wall's sleek design and high-quality materials make it an ideal choice for these types of buildings.

Another application for the MQ Aluminum Curtain Wall is in residential buildings. The curtain wall can be used to create a modern and stylish look in high-end apartments and condominiums. The curtain wall's durability also makes it a practical choice for residential

buildings, as it can withstand the elements and provide long-lasting protection.

The MQ Aluminum Curtain Wall is also ideal for use in public buildings such as hospitals and schools. The curtain wall's design allows for natural light to enter the building, which can help to create a more welcoming and inviting environment. Additionally, the curtain wall's durability makes it a practical choice for public buildings, where it can withstand heavy use and wear.

For buildings located in areas with extreme weather conditions, the Broken Bridge Aluminum Curtain Wall is an ideal choice. This type of curtain wall features a thermal break that helps to prevent heat loss and increase energy efficiency. The Broken Bridge Aluminum Curtain Wall is particularly well-suited for use in cold climates, where it can help to keep buildings warm and comfortable.

Overall, the MQ Aluminum Curtain Wall is a versatile and reliable solution for a wide range of architectural projects. From commercial buildings to residential buildings to public buildings, this curtain wall is designed to provide long-lasting protection and a modern, stylish look. Plus, with free wrapping in shrink polythene, it is easy and convenient to transport and install.

Customization:

GuangdongSuperHuge offers customization services for our MQ model Aluminum Curtain Wall, which is made of high-quality Aluminum Alloy material. This product is perfect for creating an open frame curtain wall with a rectangular shape that has a width of up to 1500mm. Our product customization services include free wrapping in shrink polythene for easy and secure transportation. All our Aluminum Curtain Wall products are sourced from China, ensuring the highest quality standards and durability.

With our customization services, you can rest assured that your Aluminium sheet needs will be met with precision and care. Contact us today to learn more about our Aluminum Curtain Wall product and customization options.
