Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 588RMB/m²
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Lead Time: 15-20days
- Design Style: Modern
- Weather Resistance: High
- Color: Color Customization
- Packing: Free Wrapped In Shrink Polythene
- Type: Curtain Wall
- Materil: Aluminum Alloy
- Shape: Rectangle
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Beams: 2.0mm-3.0mm
- Glass: Toughened Glass
- Type Of Glass: Customisation

Product Description

Product Description:

Not only does the Aluminum Curtain Wall create a stunning visual impact, but it also provides excellent thermal insulation. This high-performance curtain wall system is engineered to provide energy efficiency and reduce heat loss. With this product, you can enjoy a comfortable indoor climate while reducing your energy bills.

Another advantage of the Aluminum Curtain Wall is its sound insulation capabilities. With its good sound insulation, this curtain wall system can minimize noise pollution and create a peaceful indoor environment. This makes it an ideal choice for commercial and residential buildings located in busy urban areas.

The Aluminum Curtain Wall is a durable and reliable product that can withstand extreme weather conditions. Its aluminum construction provides high strength and resistance to corrosion, ensuring that it will last for years with minimal maintenance. This makes it a cost-effective solution for architects and building owners who want a long-lasting and low-maintenance curtain wall system.

In summary, the Aluminum Curtain Wall is a modern and stylish product that provides excellent thermal and sound insulation. Its open frame design allows for maximum natural light to enter the building, creating a bright and airy environment. Its rectangular shape provides a sleek and sophisticated look for any building. Its durability and resistance to extreme weather conditions make it a reliable and cost-effective solution for architects and building owners. Choose the Aluminum Curtain Wall for your next project and enjoy its many benefits.

Features:

Product Name: Aluminum Curtain Wall

Lead Time: 15-20days

Raw Material: Aluminum Alloy

Sound Insulation: Good

Design Style: Modern

Packing: Free Wrapped In Shrink Polythene

This Aluminum Curtain Wall product is made of high-quality aluminium sheets, providing good sound insulation. Its modern design style is perfect for contemporary buildings. Plus, it comes with free shrink-wrapped polythene packing for added convenience.

Technical Parameters:

Durability:	Long-lasting
Ceiling Tile Type:	Metal Ceilings
Thermal Insulation:	Excellent
Design Style:	Modern
Packing:	Free Wrapped In Shrink Polythene
Product:	Aluminum Curtain Wall
Material:	Aluminum Alloy
Raw Material:	Aluminum Alloy
Shape:	Rectangle
Type:	Curtain Wall

Applications:

Commercial Buildings

The aluminum curtain wall is a perfect fit for commercial buildings, such as office buildings, shopping malls, and hotels. The modern design style of the MQ model adds a touch of sophistication to the building facade, enhancing its overall appearance and value. The curtain wall's durability ensures that it can withstand harsh weather conditions, making it a practical and long-lasting option.

Residential Buildings

The aluminum curtain wall is also suitable for residential buildings, including apartments and condominiums. The modern design style of the MQ model adds a touch of elegance to the building's exterior, creating a striking visual impact. The long-lasting durability of the curtain wall ensures that it can withstand wear and tear, making it a practical and cost-effective option for homeowners.

Public Buildings

The aluminum curtain wall is an ideal choice for public buildings, such as hospitals, schools, and government buildings. The modern design style of the MQ model adds a touch of sophistication to the building facade, enhancing its overall appearance. The curtain wall's durability is a crucial factor in public buildings where safety is a primary concern.

Large-Scale Projects

The aluminum curtain wall is also suitable for large-scale projects, such as stadiums, airports, and train stations. The modern design style of the MQ model adds a touch of innovation to the building facade, creating a unique and memorable experience for visitors. The curtain wall's durability ensures that it can withstand heavy foot traffic and harsh weather conditions, making it a practical and long-lasting option. Overall, GuangdongSuperHuge's MQ aluminum curtain wall is a versatile solution for various application occasions and scenarios. Its unique design style and long-lasting durability make it a practical and cost-effective option for building owners and developers. With a lead time of 15-20 days, this product is an excellent choice for those looking for a reliable and efficient solution for their building facade.

Customization:

GuangdongSuperHuge offers product customization services for its MQ model Aluminum Curtain Wall. This product is designed and manufactured in China, using high-quality Aluminum Alloy as the raw material. The shape of the curtain wall is rectangular and it has excellent thermal insulation properties, making it an ideal choice for modern building designs. Our team of experts will work with you to customize the design style of the curtain wall to meet your specific needs. Contact us today to learn more about our Curtain Wall customization services!

Support and Services:

- Assistance with product selection and customization
- Technical consultation for installation and maintenance
- Troubleshooting and problem-solving
- Training and education for installers and contractors
- Warranty and repair services
- Ongoing customer support and communication

Packing and Shipping:

Product Packaging:

The aluminum curtain wall will be packaged in wooden crates to protect it from damage during transportation.

The crates will be securely fastened and labeled with the product name and shipping information.

Shipping:

The aluminum curtain wall will be shipped via freight carrier.

The shipping method and carrier will be determined based on the customer's location and preferences.

Customers will be provided with a tracking number to monitor the shipment's progress.
