Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 588RMB/m²
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Ceiling Tile Type: Metal Ceilings
- Lead Time: 15-20days
- Sound Insulation: Good
- Raw Material: Aluminum Alloy
- Design Style: Modern
- Materil: Aluminum Alloy
- Packing: Free Wrapped In Shrink Polythene
- Type: Curtain Wall
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Column: 2.5mm-5.0mm
- Beams: 2.0mm-3.0mm
- Glass: Toughened Glass

Product Description

Product Description:

The Aluminum Curtain Wall is made from an Aluminium sheet, which is then cut and processed into the required size and shape. The width of the Aluminum Curtain Wall is $\leq 1500\text{mm}$, making it suitable for installation in almost any construction project. The lead time for the Aluminum Curtain Wall is 15-20 days, which ensures that it can be delivered and installed quickly.

The Aluminum Curtain Wall is also known as a Broken bridge aluminum curtain wall. This name is given to the product because of the way it is constructed. The Broken bridge aluminum curtain wall is designed to provide excellent insulation by creating a gap between the inner and outer parts of the wall. This gap is filled with a special insulating material that helps to reduce heat loss and improve energy efficiency.

The Broken bridge aluminum curtain wall is a popular choice for many construction projects because of its many benefits. One of the main advantages of this product is its excellent thermal insulation. The Broken bridge aluminum curtain wall is designed to provide the best possible insulation, which helps to reduce energy costs and improve the overall energy efficiency of a building.

The Broken bridge aluminum curtain wall is also very durable and long-lasting. The Aluminum Alloy used in making this product is of the highest quality, ensuring that it can withstand harsh weather conditions and other environmental factors. This makes it an ideal choice for use in areas that are prone to extreme weather conditions.

In conclusion, the Aluminum Curtain Wall is an excellent product that offers many benefits to construction projects. It is made from high-quality Aluminum Alloy and is designed to provide excellent thermal insulation. The Broken bridge aluminum curtain wall is a popular choice because of its durability, energy efficiency, and ease of installation. With a lead time of 15-20 days, it can be delivered and installed quickly, making it an ideal choice for any construction project.

Features:

Product Name: Aluminum Curtain Wall

Thermal Insulation: Excellent

Durability: Long-lasting

Type: Curtain Wall

Color: Color Customization

Lead Time: 15-20 days

Material: Aluminium sheet

Application: Curtain Wall

Technical Parameters:

Product Attribute	Value
Raw Material	Aluminum Alloy
Shape	Rectangle
Material	Aluminum Alloy
Color	Customization
Lead Time	15-20 days
Packing	Free Wrapped In Shrink Polythene
Weather Resistance	High
Sound Insulation	Good
Type	Curtain Wall
Width	$\leq 1500\text{mm}$

Applications:

Commercial Buildings: The MQ Aluminum Curtain Wall is perfect for commercial buildings such as shopping centers, office buildings, and hotels. Its modern and sleek design is sure to impress clients and visitors, while also providing a safe and secure environment.

Residential Buildings: The MQ Aluminum Curtain Wall can also be used in residential buildings such as apartments and condominiums. Its durability and strength make it an excellent choice for protecting against harsh weather conditions, while its modern design complements any building style.

Public Buildings: Public buildings such as schools, hospitals, and government buildings can benefit from the MQ Aluminum Curtain Wall. Its strong and sturdy construction provides added security while its modern design adds an elegant touch to any building.
