Product Description:

Our Sliding Aluminum Door is made from top-quality aluminum alloy and glass, making it both strong and durable. The aluminum alloy frame ensures that the door is sturdy and can withstand harsh weather conditions, while the glass panels allow natural light into your home, adding to its aesthetic appeal. We offer customization options for the door's color, glass, and size, allowing you to tailor it to your specific needs and preferences.

The Sliding Aluminum Door is designed for easy operation, with a smooth gliding mechanism that makes it effortless to open and close. This feature is particularly useful for those who have mobility issues or who want to add an element of convenience to their home. The door's sliding mechanism also saves space, making it ideal for homes with limited space.

The Sliding Aluminum Door is not only aesthetically pleasing but also energy-efficient, helping you save on your energy bills. The door's aluminum alloy frame and glass panels work together to provide excellent insulation, keeping your home warm in the winter and cool in the summer. This feature is particularly useful for those who live in areas with extreme weather conditions.

The Sliding Aluminum Door also provides excellent security for your home. The aluminum alloy frame is strong and durable, making it difficult for intruders to break into your home. The glass panels are also tough and shatter-resistant, providing an additional layer of security. With this door, you can rest assured that your home is safe and secure at all times.

In conclusion, our Sliding Aluminum Door is an excellent addition to any home, providing enhanced aesthetic appeal, energy efficiency, and security. Made from top-quality materials, this door is built to last and withstand the test of time. With its sleek design and easy-to-use gliding mechanism, this door is perfect for those who want to add an element of convenience to their home. Contact us today to learn more about our customization options and to order your Sliding Aluminum Door.

Features:

Product Name: Gliding Aluminum Door  
Color: Customisation  
Glass: Customisation  
Material: Aluminium  
Door Material: Aluminum Alloy, Glass  
Size: Customizable

Technical Parameters:

Door Type	Sliding Aluminium Door
Material	Aluminium Alloy, Glass
Size	Customizable
Color	Customization
Glass	Customization

Applications:

The Sliding Aluminum Door is perfect for residential and commercial buildings. It can be used as a main entrance door for houses, apartments, and offices. The sliding mechanism of the door makes it easy to enter and exit the building, especially when carrying bulky items. Its customizable color options make it easy to match the door with the building's exterior or interior design.

For commercial buildings such as shopping centers, hospitals, and airports, the Sliding Aluminium Door is a great option. It can be used as a partition door to separate different areas within the building. The door's gliding mechanism makes it easy to open and close, allowing for a smooth flow of people and goods. Its customizable glass options also make it possible to create a more transparent and open atmosphere within the building.

The Sliding Aluminum Door is also ideal for outdoor areas such as balconies, patios, and terraces. Its durable aluminium material can withstand harsh weather conditions, making it suitable for outdoor use. Its customizable size options also make it possible to fit any outdoor area, whether it's a small balcony or a large terrace.

The Sliding Aluminium Door is certified with CE and ISO, ensuring its quality and safety. The minimum order quantity for this product is 100m², and it is priced at 580RMB. The product is packaged in a wooden box for protection during transportation. The delivery time for this product is 20-60 work days, and the payment terms are T/T.
