#### Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m<sup>2</sup>
- Price: 588RMB/m<sup>2</sup>
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

#### Product Specification

- Product: Aluminum Curtain Wall
- Material: Aluminum Alloy
- Color: Color Customization
- Design Style: Modern
- Ceiling Tile Type: Metal Ceilings
- Sound Insulation: Good
- Type: Curtain Wall
- Thermal Insulation: Excellent
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Column: 2.5mm-5.0mm
- Beams: 2.0mm-3.0mm
- Glass: Toughened Glass

### Product Description:

The Aluminum Curtain Wall system is made of high-quality materials, including aluminum sheets and glass panels, which are assembled using the latest technology to create a seamless and attractive façade. The Aluminium sheet used in the curtain wall is lightweight, durable, and corrosion-resistant, making it an excellent choice for exterior cladding systems.

In addition to its excellent thermal insulation properties, the Curtain Wall system is also highly customizable in terms of color and design. Color customization options allow architects and building owners to create a façade that is unique and reflective of their brand or design aesthetic. The Curtain Wall system is also versatile in terms of design, allowing for a range of shapes and sizes to be created to fit the unique requirements of each building.

The Aluminum Curtain Wall system is also designed for ease of installation and maintenance. Its modular design means that it can be quickly and easily assembled on site, reducing installation time and costs. The Curtain Wall system is also low maintenance, requiring minimal cleaning and upkeep to maintain its appearance and performance over time.

The long-lasting durability of the Aluminum Curtain Wall system ensures that it is a cost-effective solution for building owners and developers. Its high-quality construction and materials ensure that it can withstand harsh weather conditions, UV exposure, and other environmental factors, making it a reliable and long-lasting choice for building exteriors.

In conclusion, the Aluminum Curtain Wall system is a modern, stylish, and highly functional solution for building façades. Its excellent thermal insulation properties, customizable design options, and long-lasting durability make it an ideal choice for building owners and developers who want to create a sustainable, energy-efficient, and attractive building exterior. With its lightweight and corrosion-resistant Aluminium sheet, the Curtain Wall system is also a cost-effective and low-maintenance solution that can provide years of reliable performance.

### Features:

Product Name: Aluminum Curtain Wall

Thermal Insulation: Excellent

Ceiling Tile Type: Metal Ceilings

Color: Color Customization

Lead Time: 15-20 days

Width: ≤1500mm

The Aluminum Curtain Wall is an excellent choice for those seeking a high-quality curtain wall. With its exceptional thermal insulation and customizable color options, this product is ideal for any space. Its metal ceilings and quick lead time of 15-20 days make it a top choice for many contractors. The width of the wall is also flexible, allowing for a maximum width of 1500mm. Choose the Aluminum Curtain Wall for a durable and stylish option for your next project.

### Technical Parameters:

Product	Aluminum Curtain Wall
Type	Curtain Wall
Raw Material	Aluminum Alloy
Shape	Rectangle
Design Style	Modern
Sound Insulation	Good
Weather Resistance	High
Ceiling Tile Type	Metal Ceilings
Color	Color Customization
Lead Time	15-20 days

### Applications:

One of the most common applications for this product is in the construction of open frame curtain walls. These are typically used in high-rise buildings to create a sleek and modern appearance. The MQ Aluminum Curtain Wall is an excellent choice for this application due to its lightweight aluminum alloy construction and sound insulation capabilities.

In addition to open frame curtain walls, the MQ Aluminum Curtain Wall is also suitable for hidden frame curtain walls. These are typically used in buildings where a more traditional appearance is desired. Despite its modern design, the MQ Aluminum Curtain Wall can be customized to fit a variety of architectural styles.

Another common application for this product is in the construction of storefronts and entrances. The MQ Aluminum Curtain Wall provides excellent visibility while also providing sound insulation and durability.

The MQ Aluminum Curtain Wall is also well-suited for use in healthcare facilities, where sound insulation is critical. It can be used in both exterior and interior applications, providing the necessary protection against outside noise.

Other potential applications for the MQ Aluminum Curtain Wall include office buildings, retail centers, and educational facilities. With a lead time of 15-20 days, this product is a reliable choice for any construction project.

## Customization:

## Support and Services:

Our Aluminum Curtain Wall product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our skilled technicians are available to provide on-site installation guidance and assistance, as well as ongoing maintenance and repair services. Additionally, we offer detailed product documentation and training to help our customers better understand and utilize our products. Our team is committed to providing exceptional customer service and support throughout the entire product lifecycle.

## Packing and Shipping:

### Product Packaging:

All aluminum profiles are protected with plastic film or paper to prevent scratches during transportation and handling.

Profiles are then bundled together and packed in wooden crates for added protection.

Accessories and hardware are separately packaged and labeled.

### Shipping:

Shipment will be arranged within 2-3 weeks after receipt of payment.

Delivery time varies depending on the destination, typically taking between 2-4 weeks.

Shipping will be arranged by sea or air, depending on the customer's preference and urgency of the order.

All shipments will be insured for their full value.

## FAQ:

A: The brand name of our Aluminum Curtain Wall is GuangdongSuperHuge.

Q: What is the model number of the Aluminum Curtain Wall?

A: The model number of our Aluminum Curtain Wall is MQ.

Q: Where is the Aluminum Curtain Wall made?
