- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m<sup>2</sup>
- Price: 588RMB/m<sup>2</sup>
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

#### Product Specification

- Shape: Rectangle
- Weather Resistance: High
- Materil: Aluminum Alloy
- Raw Material: Aluminum Alloy
- Type: Aluminium Panel Curtain Wall
- Thermal Insulation: Excellent
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Beams: 2.0mm-3.0mm
- Glass: Toughened Glass
- Type Of Glass: Customisation
- Surface Treatment: Powder Spraying/Fluorocarbon Spray/Customisation

## Product Description

### Rectangle Curtain Wall With Weather Resistance And Excellent Thermal Insulation

#### Product Description:

Designed with a sleek rectangular shape and a modern design style, our Aluminum Curtain Wall is the perfect addition to any contemporary building. Whether you're looking for a hidden frame curtain wall or an open frame curtain wall, we have a variety of options to suit your needs.

One of the key benefits of our Aluminum Curtain Wall is its high level of weather resistance. Made from durable aluminum alloy, this product is built to withstand even the harshest weather conditions. Whether you're dealing with rain, wind, or extreme temperatures, our Aluminum Curtain Wall will keep your building safe and secure.

Our Aluminum Curtain Wall is also incredibly easy to install, thanks to its lightweight construction and simple design. Whether you're working with a large commercial building or a smaller residential property, our curtain wall is the perfect choice.

So if you're in the market for a durable, modern, and weather-resistant curtain wall, look no further than our Aluminum Curtain Wall product. With its high-quality raw materials and expert design, this product is sure to exceed your expectations and provide you with years of reliable service.

#### Features:

Product Name: Aluminum Curtain Wall

Sound Insulation: Good

Packing: Free Wrapped In Shrink Polythene

Weather Resistance: High

Width: ≤1500mm

Material: Aluminum Alloy

Features:

Aluminium sheet construction for durability

Open frame curtain wall design for a modern look

Broken bridge aluminum curtain wall for enhanced energy efficiency

#### Technical Parameters:

Product	Aluminum Curtain Wall
Raw Material	Aluminum Alloy
Material	Aluminum Alloy
Design Style	Modern
Color	Customization
Sound Insulation	Good
Thermal Insulation	Excellent
Durability	Long-lasting
Ceiling Tile Type	Metal Ceilings
Width	≤1500mm

#### Applications:

One of the key features of the MQ model is its open frame curtain wall design, which allows for maximum natural light to enter the building while still providing excellent insulation and protection from the elements. This makes it an ideal choice for a range of applications, including commercial buildings, high-end residential properties, and modern office spaces.

With a width of up to 1500mm, the MQ model is suitable for a range of building requirements, and its easy installation process means that it can be quickly and easily integrated into any construction project. Additionally, with a lead time of just 15-20 days, you can be confident that your project will be completed on time and within budget.

When it comes to packing, the MQ model comes free wrapped in shrink polythene, ensuring that it arrives at your site in perfect condition. And with its sleek and stylish design, the MQ model is sure to add a touch of sophistication to any building project.

Overall, if you're looking for an aluminum curtain wall that combines style, functionality, and durability, then the MQ model from GuangdongSuperHuge is the perfect choice for you. So why wait? Contact us today to learn more about how we can help you achieve your building goals.
