- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Column: 2.5mm-5.0mm
- Beams: 2.0mm-3.0mm
- Beame: 2.0mm-3.0mm

Product Description:

Our Aluminum Curtain Wall is designed with an open frame, making it perfect for any project that requires a modern and minimalist look. The open frame design also allows for maximum natural light to enter the building, making it an energy-efficient option for any project. The Thermal Insulation of our Aluminum Curtain Wall is excellent. It is designed with a broken bridge aluminum structure, making it an ideal option for any project that requires energy efficiency. The broken bridge aluminum structure reduces thermal conductivity, making it an excellent option for any building project that requires excellent thermal insulation.

Our Aluminum Curtain Wall is also customizable to fit any color scheme that you desire. Whether you want a classic black or white color scheme or something more vibrant, our Aluminum Curtain Wall can be customized to fit your needs.

Our Aluminum Curtain Wall comes with free wrapping in shrink polythene, ensuring that your product is protected during shipping. The lead time for our Aluminum Curtain Wall is 15-20 days, making it an excellent option for any project that requires a quick turnaround time. In conclusion, our Aluminum Curtain Wall is an excellent option for any building project that requires a modern and minimalist look, excellent thermal insulation, and customization options. Whether you need an open frame curtain wall or a broken bridge aluminum curtain wall, our Aluminum Curtain Wall is the perfect solution. Order now and enjoy the benefits of a sleek and energy-efficient curtain wall system.

Features:

Product Name: Aluminum Curtain Wall

Color: Color Customization

Shape: Rectangle

Thermal Insulation: Excellent

Ceiling Tile Type: Metal Ceilings

Product: Aluminum Curtain Wall

Material: Aluminium sheet

Type: Broken bridge aluminum curtain wall

This Aluminum Curtain Wall product is an excellent choice for those looking for a customizable, rectangular-shaped, and thermally insulated wall solution. Made from high-quality Aluminium sheet, this product features a broken bridge design for superior insulation and energy efficiency. Additionally, it is compatible with metal ceilings for a seamless and modern look. Whether you are renovating or building a new space, this Curtain Wall product will provide you with a durable and stylish solution.

Applications:

The Aluminum Curtain Wall can withstand high winds, rain, and other weather conditions, making it suitable for buildings in areas with harsh weather conditions. This product is perfect for use in commercial, institutional, and residential buildings.

One of the unique features of the MQ Aluminum Curtain Wall is its color customization. The color of the curtain wall can be customized to match the building's design, providing a seamless and uniform appearance.

The MQ Aluminum Curtain Wall is easy to install, and it comes with free shrink polythene wrapping, which ensures that the product is delivered in perfect condition.

The maximum width of the Aluminum Curtain Wall is 1500mm, making it perfect for large buildings with expansive glass walls. The curtain wall is suitable for use in various applications, including office buildings, shopping malls, hotels, and hospitals.

The MQ Aluminum Curtain Wall is an excellent choice for architects, builders, and designers who want to create a modern and aesthetically pleasing building. The product's versatility, durability, and weather resistance make it a great investment for any construction project.

Overall, GuangdongSuperHuge's MQ Aluminum Curtain Wall is a reliable and high-quality product that offers excellent value for money. Its unique features make it suitable for various applications, and its durability ensures that it will last for many years.

Customization:

GuangdongSuperHuge offers product customization services for the MQ model open frame curtain wall made of high-quality aluminum alloy. Our curtain walls are designed in a modern style and are highly durable, ensuring long-lasting performance. The curtain walls are resistant to weather conditions, making them suitable for use in any climate. Our expert team of designers and engineers will work with you to create bespoke designs that meet your specific requirements. We use only the finest quality aluminum sheets to ensure that our products are of the highest standard. Our lead time for customization is 15-20 days, and all our products are made in China. Contact us today to discuss your requirements and let us help you create a unique and functional curtain wall solution for your project.

Support and Services:

Packing and Shipping:

Product Packaging:

The Aluminum Curtain Wall product will be packed in sturdy, corrugated cardboard boxes to ensure safe transportation. Each box will contain all necessary components for installation, including frames, glass panels, and mounting hardware. The boxes will be labeled with the product name and SKU number for easy identification.

Shipping:

The Aluminum Curtain Wall product will be shipped via a reliable and reputable carrier. Customers can choose from various shipping options, including standard, expedited, or overnight delivery. Shipping costs will be calculated based on the weight and destination of the order. Customers will receive a tracking number to monitor the status of their shipment.
