Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 588RMB/m²
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Weather Resistance: High
- Ceiling Tile Type: Metal Ceilings
- Materil: Aluminum Alloy
- Raw Material: Aluminum Alloy
- Packing: Free Wrapped In Shrink Polythene
- Product: Aluminum Curtain Wall
- Durability: Long-lasting
- Design Style: Modern
- Material: Aluminum Alloy
- Material: Aluminum Alloy
- Column: 2.5mm-5.0mm
- Column: 2.5mm-5.0mm
- Beame: 20mm-30mm

Product Description

Product Description:

One of the key benefits of the Broken bridge aluminum curtain wall is its excellent weather resistance. The aluminum sheet used in the curtain wall is highly resistant to water, wind, and other extreme weather conditions. This makes the curtain wall perfect for use in outdoor-facing walls and other areas where it will be exposed to the elements.

In addition to its weather resistance, the Broken bridge aluminum curtain wall also provides excellent sound insulation. The aluminum sheet used in the curtain wall is designed to dampen sound and reduce noise levels. This makes the curtain wall an excellent choice for use in commercial buildings, apartments, and other areas where noise reduction is important.

The Broken bridge aluminum curtain wall is also designed to be easy to install. The curtain wall comes wrapped in shrink polythene which provides protection during transportation and handling. This makes it easy for builders and construction professionals to transport and install the curtain wall without worrying about damage.

Overall, the Broken bridge aluminum curtain wall is an excellent building material that provides high-quality performance and durability. Its weather resistance, sound insulation, and easy installation make it an excellent choice for use in a wide range of different building projects. Whether you are building a commercial building, an apartment complex, or any other type of structure, the Broken bridge aluminum curtain wall is the perfect choice for your project.

Features:

Product Name: Aluminum Curtain Wall

Type: Curtain Wall

Raw Material: Aluminum Alloy

Thermal Insulation: Excellent

Sound Insulation: Good

Product: Aluminum Curtain Wall

The Aluminum Curtain Wall is a type of open frame curtain wall made from high-quality aluminum alloy. It offers excellent thermal insulation and good sound insulation, making it ideal for use in a variety of commercial and residential applications. With its sleek and modern design, the Aluminum Curtain Wall is a popular choice for architects and builders looking to create a contemporary look for their buildings.

| Color: | Color Customization |

Applications:

The MQ Aluminum Curtain Wall is ideal for a wide range of occasions and scenarios. The product is perfect for use in high-rise commercial buildings, residential buildings, shopping centers, airports, and hospitals. As a modern design style, the MQ Aluminum Curtain Wall is perfect for buildings that require a sleek and contemporary look.

One of the main benefits of this curtain wall system is its open frame curtain wall design, which allows for excellent natural light transmission. This design is perfect for buildings that require natural light to be brought into the building, such as office buildings or schools. The open frame design also allows for easy maintenance and cleaning of the curtain wall system, which is particularly important in high-rise buildings.

The MQ Aluminum Curtain Wall is also highly customizable, making it perfect for a wide range of scenarios. The product can be tailored to meet individual project requirements, such as size, shape, and color. This customization ensures that the MQ Aluminum Curtain Wall is perfect for any building, regardless of its design or style.

Another key benefit of the MQ Aluminum Curtain Wall is its high weather resistance. The product is designed to withstand extreme weather conditions, such as heavy rain, snow, and wind. This ensures that the curtain wall system is able to provide long-lasting protection for the building and its occupants.

The lead time for the MQ Aluminum Curtain Wall is 15-20 days, making it perfect for projects that require a quick turnaround. The product is also easy to install, which further reduces installation time and costs.

In summary, GuangdongSuperHuge's MQ Aluminum Curtain Wall is a versatile and highly customizable product that is perfect for a wide range of occasions and scenarios. Its modern design style, open frame curtain wall, and high weather resistance make it an ideal choice for any building, while its excellent sound insulation and quick lead time ensure that it offers excellent value for money.

Customization:

The Aluminum Curtain Wall is known for its excellent thermal insulation, making it a great choice for buildings that require energy efficiency. Additionally, the color of the curtain wall can be customized to fit the aesthetic of your project.

Customize your Aluminum Curtain Wall with GuangdongSuperHuge and enjoy a long-lasting, energy-efficient solution for your building needs.

Support and Services:

The Aluminum Curtain Wall product technical support and services include:

Product installation instructions and guidance

Technical specifications and data sheets

Product maintenance and cleaning recommendations

Product testing and certification

Product customization and design assistance

Product warranty and repair services

Our team of experts is available to assist with any technical questions or concerns about the Aluminum Curtain Wall product.

Packing and Shipping:

Product Packaging:

The Aluminum Curtain Wall product will be carefully packaged to ensure its safety during transit. Each piece will be wrapped in protective material and placed in a sturdy cardboard box. Multiple boxes will be stacked on a pallet and securely strapped together for added protection.

Shipping:

We offer worldwide shipping for the Aluminum Curtain Wall product. Shipping costs will vary depending on the destination and quantity ordered. Once the order is placed, we will provide you with a shipping quote and estimated delivery date. We use reputable shipping carriers to ensure timely and safe delivery of your order.
