Product Description

Product Description:

The Stone Curtain Wall is perfect for the ground floor of any building, adding a touch of sophistication and elegance to the exterior design. The slate finish gives the wall a sleek and modern look, while the customizable color options allow for a unique and personalized touch.

The excellent thermal insulation of the Stone Curtain Wall ensures that the interior of the building remains warm in the winter and cool in the summer, providing a comfortable living or working environment throughout the year.

The Stone Curtain Wall is also customizable in shape, allowing for unique and creative designs to be incorporated into the building's exterior. This flexibility in design means that the Stone Curtain Wall can be used in a variety of applications, from small residential homes to large commercial buildings.

Overall, the Stone Curtain Wall is an excellent choice for those looking for a modern and customizable exterior wall product that provides excellent thermal insulation. Its slate finish adds a touch of elegance to the ground floor of any building, while the customizable shape and color options allow for a unique and personalized design that stands out from the crowd.

Features:

Product Name: Stone Curtain Wall

Thermal Insulation: Excellent

Color: Customizable

Thickness: 25-35mm

Shape: Customizable

Size: Customizable

Technical Parameters:

Design Style	Modern
Size	Customizable
