### Technical Parameters:

Application:	Exterior Wall
Maintenance:	Low
Thermal Insulation:	Excellent
Shape:	Customizable
Size:	Customizable
Material:	Stone (Slate)
Installation Method:	Dry-hanging
Color:	Customizable
Design Style:	Modern

### Applications:

One of the key features of this product is its customisation options. The shape of the wall can be customised to meet the specific needs of the customer, allowing for a truly unique look. This feature is especially useful for architects and designers looking to create a one-of-a-kind building façade.

In addition to its durability and customisation options, the MQ Stone Curtain Wall also offers excellent thermal insulation. This is important for buildings located in areas with extreme temperatures, as it can help to keep energy costs down and maintain a comfortable indoor temperature.

The installation method for this product is dry-hanging, which means that it can be installed quickly and easily without the need for any special tools or equipment. This is a major advantage for contractors and builders who need to complete projects on a tight schedule. Overall, the MQ Stone Curtain Wall from GuangdongSuperHuge is a versatile and practical solution for any exterior wall application. Its durability, customisation options, and excellent thermal insulation make it an ideal choice for a wide range of projects. Whether you are building a new commercial property or renovating an existing one, the MQ Stone Curtain Wall is definitely worth considering.
