Product Description

Product Description:

Our Stone Curtain Wall is highly customizable, which means that it can be made to fit any design requirements or specifications that you may have. We understand that each project is unique, and we are committed to providing our clients with the best solutions possible. With our customisation options, you can choose the size, shape, color, and texture of your Stone Curtain Wall to create a truly bespoke finish. The use of stone in the construction of our Curtain Wall offers many benefits, including excellent thermal insulation. Unlike traditional walls, our Curtain Wall is designed to keep your building warm in the winter and cool in the summer. This means that you can enjoy a comfortable living or working environment all year round while reducing your energy consumption and saving on costs. Maintenance is also a breeze with our Stone Curtain Wall. It requires very little upkeep, which means that you can enjoy its beauty without having to worry about frequent repairs or cleaning. This makes it an ideal choice for those who value convenience and ease of maintenance.

Our Stone Curtain Wall is not only functional, but it also adds a touch of elegance and sophistication to any building. It can be used for various applications, including commercial, industrial, and residential projects. Whether you are building a new property or renovating an existing one, our Stone Curtain Wall is an excellent choice that will make your building stand out from the rest.

Overall, our Stone Curtain Wall is an excellent investment that offers numerous benefits, including customisation, excellent thermal insulation, and low maintenance. It is a perfect choice for those who want to create a unique and sophisticated look for their building while enjoying all the benefits that natural stone materials have to offer.

Features:

Product Name: Stone Curtain Wall

Size: Customizable

Thermal Insulation: Excellent

Shape: Customizable

Installation Method: Dry-hanging

Maintenance: Low

Stone Curtain Wall is a versatile product that offers complete customisation options for size and shape. The excellent thermal insulation ensures energy savings and comfort. The dry-hanging installation method is hassle-free and requires no additional support. Maintenance is low, making it an ideal choice for the ground floor of any building.

Technical Parameters:

Maintenance	Low
Shape	Customizable
Material	Stone (Slate)
Color	Customizable
Design Style	Modern
Application	Exterior Wall
Installation Method	Dry-hanging
Size	Customizable (The ground floor)
Thermal Insulation	Excellent

Applications:

The MQ Stone Curtain Wall is designed for dry-hanging installation, making it easier and quicker to install compared to traditional wet-set methods. The dry-hanging system also ensures that the curtain wall is securely attached to the building, providing excellent resistance to wind and weather.

This curtain wall is customizable in terms of shape and color, allowing architects and builders to create a unique and personalized exterior design. The slate material also provides a natural look, adding to the aesthetic appeal of the building.

The MQ Stone Curtain Wall is ideal for a variety of application occasions and scenarios. It can be used for commercial and residential buildings, offices, hotels, and shopping centers. It is also suitable for both new construction and renovation projects.

Whether you're looking to create a modern and stylish exterior for your building or simply want a durable and long-lasting solution, the MQ Stone Curtain Wall from GuangdongSuperHuge is the perfect choice.

Customization:

The shape and size of the Stone Curtain Wall is completely customisable to ensure a perfect fit for your project. Our dry-hanging installation method makes the process quick and easy. With our product customisation services, you can be sure that your Stone Curtain Wall will be tailored to your exact specifications.
