Product Description

Product Description:

One of the most notable features of our Aluminum Upper Hung Window is its exceptional soundproofing and insulation properties. This ensures that you enjoy a peaceful and quiet environment, free from any external noise and disturbances. Additionally, the window is also highly energy-efficient, which helps to reduce energy costs and keep your indoor space comfortable all year round.

Our Aluminum Upper Hung Window is made from premium-grade aluminum, which is known for its strength, durability, and resistance to corrosion and rust. This ensures that your window retains its pristine condition and appearance, regardless of the weather conditions or external factors.

One of the most impressive aspects of our Aluminum Upper Hung Window is its customisable glass options. This allows you to choose the perfect glass type that suits your specific needs, preferences, and budget. Whether you prefer clear, frosted, tinted, or tempered glass, we have got you covered.

Our Aluminum Upper Hung Window also comes with two surface treatment options to choose from: Powder Spraying and Fluorocarbon Spray. Both options provide excellent protection against wear and tear, scratches, and fading, and help to enhance the overall appearance of your window.

Overall, our Aluminum Upper Hung Window is a high-quality and reliable choice for anyone looking for a durable, stylish, and energy-efficient window. Whether you are renovating your home or office or building a new property, our Aluminium Glass Windows are the perfect choice.
