## Product Description

### Product Description:

Our Aluminum Screen Window is a flat open screen window that effectively keeps pests out of your home, while still allowing fresh air to circulate. The window is made of high-quality aluminum that is durable and long-lasting. The screen is made of Vajra, a mesh material that is effective in keeping out mosquitoes, flies, and other pests.

This screen window is perfect for homes that want to enjoy the outdoors without the hassle of pests. It is easy to install and provides complete protection against pests. Our screen window is designed to fit any style of home, whether modern or traditional. It is also easy to clean, making it a convenient addition to any home.

We understand that every home is different, which is why we offer customisation options for our screen windows. Whether you have a large or small window, our team can create a screen that fits perfectly. Our customisation options ensure that you get a screen that not only keeps pests out but also complements the style of your home.

Investing in our Aluminum Screen Window is a cost-effective solution to pest control in your home. Our screen windows are designed to last for years, which means you won't have to worry about replacing them frequently. They are also easy to maintain, which saves on maintenance costs in the long run.

In conclusion, our Aluminum Screen Window is the perfect addition to any home looking for a cost-effective pest control solution. Our flat open screen window design and Vajra screen material are effective in keeping pests out while still allowing fresh air to circulate. Our customisation options ensure that you get a screen that fits perfectly and complements the style of your home. Invest in our Aluminum Screen Window today and enjoy a pest-free environment in your home.
