AC/DC Aluminum Alloy Frame LED Glass Wall with Transparent Brightness

Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 688-2088RMB/m²
- Packaging Details: Wooden Box/Completely sealed wooden box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Energy Efficiency: High
- Frame Material: Aluminum Alloy
- Color: Customizable
- Brightness: Adjustable
- Application: Indoor/Outdoor
- Material: Glass
- Transparency: Transparent
- Power Supply: AC/DC
- Control System: Remote Control/Smartphone App
- Color: Customisation
- Size: Customisation

Product Description:

Features:

Product Name: LED Glass Curtain Wall
Installation: Vertical/Horizontal
Size: Customizable
Brightness: Adjustable
Color: Customizable
Material: Glass
LED Glass Curtain Wall is a perfect solution for modern buildings. It can be installed both vertically and horizontally. The size is customizable to fit any building design. The brightness is adjustable to create the desired atmosphere. The color is customizable to match the building's color scheme. The material used is glass, making it durable and long-lasting. Glass Curtain Walls are a popular choice for modern buildings and the LED feature adds an extra touch of sophistication.

Technical Parameters:

Installation	Vertical/Horizontal
Application	Indoor/Outdoor
Brightness	Adjustable
Energy Efficiency	High
Size	Customizable
Material	Glass
Control System	Remote Control/Smartphone App
Light Source	LED
Transparency	Transparent
Power Supply	AC/DC

Applications:

The LED Glass Curtain Wall is perfect for many application occasions and scenarios. It can be used in the construction of modern office buildings, shopping malls, hotels, and other commercial buildings. The LED Glass Curtain Wall is a popular choice for architects and designers due to its durability, energy efficiency, and aesthetic appeal.
The LED Glass Curtain Wall is also suitable for outdoor use. It can be used to create stunning facades for buildings or to create outdoor advertising displays. The LED Glass Curtain Wall is perfect for creating outdoor installations that can withstand harsh weather conditions while still providing a beautiful and eye-catching display.
The LED Glass Curtain Wall is available in both vertical and horizontal installations, making it easy to install in any building. The Curtain Wall is a popular choice for architects and designers due to its flexibility and ease of installation. The unique design of the LED Glass Curtain Wall allows for easy maintenance and repair, making it a practical choice for any building.
Overall, the LED Glass Curtain Wall is a versatile and practical product that can be used in a variety of applications and scenarios. Whether it's used to create stunning facades for buildings, outdoor advertising displays, or indoor installations, the LED Glass Curtain Wall is a popular choice for architects and designers due to its durability, energy efficiency, and aesthetic appeal.

Customization:
