Product Description

Product Description:

Our LED Glass Curtain Wall is designed to be installed vertically or horizontally, making it a versatile addition to any space. Whether you're looking to create a stunning entrance to your building or a striking feature wall in your restaurant or retail space, our curtain wall can be customized to meet your specific needs.

With both AC and DC power supply options available, our LED Glass Curtain Wall is easy to install and operate. The adjustable brightness feature allows you to control the amount of light emitted, giving you complete control over the mood and ambiance of your space.

Our LED Glass Curtain Wall is suitable for both indoor and outdoor use, making it the perfect addition to any setting. Whether you're looking to create a modern and sleek entrance to your office building or a stunning feature wall in your outdoor plaza, our curtain wall is the perfect solution.

Our LED Glass Curtain Wall is perfect for adding a touch of elegance and sophistication to any space. The sleek and modern design of our aluminium curtain wall is perfect for creating a stunning focal point, while the adjustable brightness feature allows you to control the mood and ambiance of your space.

Whether you're looking to enhance the look of your business or create a striking feature wall in your home, our LED Glass Curtain Wall is the perfect solution. With its durable aluminum alloy frames, versatile installation options, and adjustable brightness feature, our curtain wall is the ideal addition to any space.

Features:

Product Name: LED Glass Curtain Wall

Frame Material: Aluminum Alloy

Application: Indoor/Outdoor

Power Supply: AC/DC

Control System: Remote Control/Smartphone App

Color: Customizable

The LED Glass Curtain Wall is a stunning design feature that is made from high-quality aluminum alloy. It can be used both indoors and outdoors, making it a versatile choice for any setting. The power supply can be either AC or DC, depending on your needs. The control system is easy to use, with both remote control and smartphone app options available. The color of the LED lights is customizable, allowing you to create the perfect look for your space. The LED Glass Curtain Wall is a fantastic choice for anyone looking for an eye-catching, modern design element.

Technical Parameters:

Size	Customizable
Material	Glass
Light Source	LED
Installation	Vertical/Horizontal
Energy Efficiency	High
Control System	Remote Control/Smartphone App
Transparency	Transparent
Frame Material	Aluminum Alloy
Application	Indoor/Outdoor
Power Supply	AC/DC

This LED Glass Curtain Wall is customizable in size and made of glass, with a high-energy efficiency LED light source. It can be installed vertically or horizontally and controlled via remote control or smartphone app. The transparency of the glass is maintained while the frame is made of aluminum alloy. This Curtain LED Screen is suitable for both indoor and outdoor applications and has a power supply of AC/DC.

Applications:

This LED Glass Curtain Wall is popular in many commercial and residential applications. In commercial settings, it serves as an excellent advertising tool. The transparency of the glass panel allows businesses to showcase their products or services to passersby. The LED lights embedded in the glass can display eye-catching images or animations, making it a perfect choice for advertising purposes. It is also an excellent choice for shopping malls, airports, and other public areas where large-scale advertising is needed.

In residential settings, this product is perfect for creating a unique ambiance in the living spaces. It can be used as a partition wall, separating different areas while still allowing natural light to pass through. The LED lights provide a soft and warm glow that makes any space cozy and inviting. It is also a great choice for large windows and balconies, allowing residents to enjoy the outside view while still maintaining their privacy.

The energy efficiency of this product is high, making it an environmentally friendly choice. With AC/DC power supply, it is easy to connect to the power source. The LED light source provides bright and vivid images, making it a popular choice for Curtain LED display applications.

Overall, the MQ LED Glass Curtain Wall from GuangdongSuperHuge is an excellent choice for anyone looking for a unique and modern way to showcase their products or create a cozy ambiance in their living space. With its durable aluminum alloy frames, transparent glass, and energy-efficient LED lights, it is a perfect solution for any commercial or residential application.

Customization:

Our LED Glass Curtain Walls from GuangdongSuperHuge offer high energy efficiency with the use of LED technology. You can customize the color of the light to fit your specific needs. The brightness is adjustable to create the desired atmosphere. The frame is made of durable aluminum alloy and the product is manufactured in China. Our product model number is MQ. We offer LED customization services for our Glass Curtain Wall products. With our customization services, you can ensure that your LED Glass Curtain Wall fits your unique needs.

Support and Services:

Our LED Glass Curtain Wall product comes with comprehensive technical support and services to ensure that our customers receive the best possible experience. Our team of experts is available to assist with any inquiries or issues that may arise during the installation or operation of the product.

We offer product training and on-site support to ensure that the LED Glass Curtain Wall is installed and operated correctly.
