Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 580RMB
- Packaging Details: Wooden Box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Protection: Thermal Insulation
- Durability: Long-lasting
- Patterns Selection: Customized Design Available
- Heat Insulation: Yes
- Panel Thickness: 1.4~3.0mm
- Advantage: Waterproof, Soundproof, Energy Saving
- Function: Soundproof ,Adjust The Light
- Aluminium Color: Customizable Color
- Highlight: customizable glass curtain wall,
heat insulation glass wall,
1.4-3.0mm thick glass panel

Product Description:

The Glass Curtain Wall product is a sleek and modern architectural solution that offers both functionality and aesthetics. With its clean lines and transparent design, the Glass Curtain Wall adds a touch of sophistication to any building exterior. One of the key attributes of the Glass Curtain Wall is its durability. Built to last, this product is designed to withstand the test of time, providing long-lasting performance and reliability. In addition to its durability, the Glass Curtain Wall offers excellent heat insulation properties. By effectively blocking out heat transfer, the Glass Curtain Wall helps to maintain a comfortable indoor temperature, reducing the need for excessive heating or cooling. Another advantage of the Glass Curtain Wall is its waterproof feature. With a watertight design, this product helps to protect the building interior from water damage, ensuring a safe and dry environment for occupants. Furthermore, the Glass Curtain Wall is soundproof, providing a peaceful and quiet indoor environment. By reducing external noise pollution, this product helps to create a more serene and comfortable space for building occupants. Moreover, the Glass Curtain Wall is energy-saving, helping to minimize energy consumption and lower utility costs. By optimizing natural light penetration and reducing the need for artificial lighting, this product promotes energy efficiency and sustainability. One of the key functions of the Glass Curtain Wall is its soundproofing capabilities. By effectively blocking out external noise, this product helps to create a peaceful and productive indoor environment, enhancing overall occupant comfort. Additionally, the Glass Curtain Wall allows for easy adjustment of natural light levels. By controlling the amount of light entering the building, this product helps to create a well-lit and comfortable indoor space, promoting a healthy and productive environment.

Features:

Product Name: Glass Curtain Wall
Advantage: Waterproof, Soundproof, Energy Saving
Protection: Thermal Insulation
Aluminium Color: Customizable Color
Panel Thickness: 1.4~3.0mm
Durability: Long-lasting

Technical Parameters:

Panel Thickness	1.4~3.0mm
Protection	Thermal Insulation
Aluminium Color	Customizable Color
Advantage	Waterproof, Soundproof, Energy Saving
Heat Insulation	Yes
Patterns Selection	Customized Design Available
Function	Soundproof, Adjust The Light
Aesthetics	Sleek And Modern
Durability	Long-lasting

Applications:

Product Application Occasions and Scenarios for the **GuangdongSuperHuge** Glass Curtain Wall (Model: MQ) from China:

Brand Name: GuangdongSuperHuge
Model Number: MQ
Place of Origin: China
Certification: CE, ISO
Minimum Order Quantity: 100m²
Price: 580RMB
Packaging Details: Wooden Box
Delivery Time: 20-60 work days
Payment Terms: T/T
Durability: Long-lasting
Heat Insulation: Yes
Panel Thickness: 1.4~3.0mm
