

Customizable Color Glass Curtain Wall with Panel Thickness 1.4~3.0mm Adjustable Light and Waterproof Features

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: GuangdongSuperHuge
- Certification: CE,ISO
- Model Number: MQ
- Minimum Order Quantity: 100m²
- Price: 580RMB
- Packaging Details: Wooden Box
- Delivery Time: 20-60work days
- Payment Terms: T/T

Product Specification

- Protection: Thermal Insulation
- Aluminium Color: Customizable Color
- Patterns Selection: Customized Design Available
- Durability: Long-lasting
- Panel Thickness: 1.4~3.0mm
- Function: Soundproof ,Adjust The Light
- Aesthetics: Sleek And Modern
- Advantage: Waterproof, Soundproof, Energy Saving
- Highlight: **Panel Thickness 1.4~3.0mm Glass Curtain Wall,
Adjustable Light Glass Curtain Wall,
Waterproof Glass Curtain Wall**

Product Description

Customizable Color Glass Curtain Wall Energy Saving Performance Solution

Product Description

The Glass Curtain Wall is a cutting-edge architectural product that offers a modern and aesthetically pleasing solution for building facades. With its sleek and transparent design, it allows natural light to flood indoor spaces, creating a bright and inviting atmosphere.

One of the standout features is its customizable patterns selection, allowing architects and designers to create unique and eye-catching designs that suit specific project requirements. Whether geometric shapes, abstract patterns, or custom graphics, the Glass Curtain Wall can be tailored to meet your design vision.

Beyond visual appeal, it offers excellent protection through thermal insulation properties. By effectively insulating the building envelope, it helps regulate indoor temperatures, reducing the need for excessive heating or cooling. This creates a comfortable environment while contributing to energy savings and sustainability.

Additional advantages include waterproof, soundproof, and energy-saving qualities. Designed to withstand harsh weather conditions, it keeps interior spaces dry and protected while creating a peaceful environment free from outside noise disturbances.

Constructed with panels ranging from 1.4mm to 3.0mm in thickness, the Glass Curtain Wall is built for long-lasting performance, maintaining structural integrity and visual appeal for years.

Features

- **Product Name:** Glass Curtain Wall
- **Advantages:** Waterproof, Soundproof, Energy Saving
- **Function:** Soundproof, Adjust The Light
- **Aluminium Color:** Customizable Color
- **Patterns Selection:** Customized Design Available
- **Durability:** Long-lasting

Technical Parameters

Protection	Thermal Insulation
